Craft Catering Provides Thanksgiving Meals to Local Families in Need

Bloomsburg, PA - Craft Catering, LLC partnered with anonymous community sponsors this Thanksgiving season to prepare individual heat-and-serve holiday meals for local residents facing food insecurity. In total, the effort provided enough chef-prepared meals to serve 70–80 individuals in the Bloomsburg area.

The meals, featuring traditional Thanksgiving favorites prepared from scratch, were delivered to the Bloomsburg Food Cupboard, where they were distributed to clients on November 25. The Food Cupboard shared that this individually packaged format would best meet the needs of the community they serve.

"I would like to emphasize how grateful we are here at Craft to collaborate with [the Bloomsburg Food Cupboard] to give back to the community that means so much to all of us," said Toni-Ann Yates, Co-Owner at Craft Catering.

Craft Catering has shared photos of the prepared meals and will continue highlighting community initiatives throughout the season.
