## **MC Federal Credit Union Announces Plans for New Berwick Branch**

**[Berwick, PA]** MC Federal Credit Union has announced plans to expand its footprint with a new full-service branch location in Berwick, Pennsylvania, furthering its commitment to improving access to financial services in underserved communities. The branch will be located at 200 S. Poplar Street, with an anticipated opening in fall 2026.

The new Berwick branch represents MC Federal's continued investment in community-centered banking and its mission to positively impact the financial health and well-being of the people it serves. By expanding into Berwick, the credit union aims to increase access to affordable, relationship-based financial services for individuals, families, and local businesses in the area.

"Expanding into Berwick allows us to better serve a community that has been historically underserved by traditional financial institutions," said Elba Arenas, President and CEO of MC Federal Credit Union. "Our goal is to be more than a place to conduct financial transactions — we want to be a trusted partner, providing guidance, support, and solutions that help individuals and families achieve long-term financial stability."

The planned location will operate as a full-service branch, featuring drive-thru banking and a drive-up ATM, offering members convenient access to everyday banking services. In addition to in-person support, members will benefit from MC Federal's robust digital banking tools, combining modern convenience with personalized service.

MC Federal Credit Union is currently hiring for positions at the Berwick branch. New team members will work at existing MC Federal branch locations during training and prior to the Berwick branch opening, ensuring a seamless transition and consistent service experience when the branch opens.

Additional details will be shared as the project progresses. Community members can visit [mcfcu.org](http://mcfcu.org) and follow MC Federal Credit Union on Facebook, Instagram, and LinkedIn for updates and future announcements.

### **About MC Federal Credit Union**

As a local financial institution, MC Federal Credit Union has remained committed to building relationships with local communities, organizations, and people within the five county regions we serve. We are proud of our history. Chartered in 1954 to serve the employees at Merck & Company's Cherokee Plant in Riverside, P.A., MC Federal has grown beyond the Merck Employer group and continues to expand in surrounding communities. Today, MC Federal has five branch locations located in Danville, Bloomsburg, Lewisburg, and Mount Carmel serving over 13,000 members from over 500 employer groups and various communities.

The credit union difference is championed at MC Federal, a full-service financial institution, where deposits are insured by the NCUA. We provide a multitude of convenient services tailored for all ages and lifestyles. MC Federal sets the standard with competitive rates, cutting edge products and services, and world-class service. We are truly defining the credit union difference in the communities we serve.
